## MANN'S PARCHMENT COPYING PAPER.

(TRADE-MARK REGISTERED.)

This Parchment Paper is **MUCH STRONGER** and shows a **CLEARER COPY** than any other ever made for the purpose. The Ink is **LESS LIABLE TO SPREAD** and the paper can be written upon with a pen.

### DIRECTIONS FOR COPYING.

Place a piece of blotting-board under the leaf of Copying Paper; then, with brush, wet the leaf. Take off surplus water with another sheet of blotting-paper; then place the written letter on the leaf, (leaving the blotting-paper under the leaf, to take up any excess of water that may yet remain;) place it in the press, and, in ten or fifteen seconds, a perfect copy will be secured.

The leaves **WILL DRY AS SMOOTH AS SILK**, if the book is placed in the Press after Copying.

Place oil-sheets between copies just made, to prevent blending or setting-off.

### Another Process, when many Letters are to be Copied.

Procure a tin or iron box, with lid, to hold 20 blotting-pads.—(Boxes furnished, if desired.)

Dip half the lot of blotters in water; let them drain off a few moments; then place a dry blotter between each wet one; give them a few minutes' squeeze in Press and they will remain wet for three days; then take an oil-sheet; place it to the left; then lay a wet blotter; then turn leaf of Copying over on blotter; then lay your letter on; then another oil-sheet, and so on; and you can copy all your letters at one time; thereby saving time. With a little care and experience, at first, as to wetting, you will be so well pleased, as never to resume the old way.

HILL'S BLOTTER BATHS are the best adapted for use in this Process.

To copy **TYPE-WRITTEN LETTERS**, the leaves require **MORE MOISTURE** than they do to Copy Letters written with **PEN AND INK**.

Gentlemen:-

I have the honor to request for the use of the Mint and Assay Board of this institution, a number of copies of Form No. 128, and such other forms as may be necessary to the proper discharge of our duties; also any literature pertaining to the system of examinations that will be germane to our positions as your representatives. Please advise me at your earliest convenience, whether the examination questions covering the pending examination here, will be furnished the board by you.

Respectfully yours,

## UNITED STATES MINT,

Denver, Colorado, June 29, 1898.

Gentlemen:-

I have the honor to acknowledge the receipt of your telegram of even date, to the effect that inquiries as to the character of applicants must be made by our board and submitted to the executive head of this institution before examination is conducted; also instructions to complete inquiries, if possible, by July 7th.

I hasten to assure the Commission that myself and associate member of the Board desire to aid it in carrying out the letter and spirit of the law, by every means in our power, but it will be a physical impossibility to perfect this investigation in the near future and attend to the regular duties which fall to our desks and demand prompt fulfillment.

This is the very busiest period of our business year, requiring that we labor in and out of the scheduled hours of office, to get up the accounts, etc., while taking care of the large volume of deposits from day to day.

As Chief Clerk, at this particular time, aside from the varied official correspondence, tabulating a multiplicity of data, overseeing the wants of the mechanical department, I will be exceedingly busy for a number of weeks in getting off the fiscal year reports, etc. In the next day or two we pay for upwards of a half million dollars' worth of bullion, and the payments during these Summer months promise to steadily increase.

Mr. Wygant, Chairman of the Board, is in charge of the Assay Laboratory and his time is entirely occupied in conducting its operations. At present he has a large accumulation of extra work which his department is to do for the Bureau of the Mint, when additional aid can be arranged for him by the Bureau. His laboratory is a man short from its former complement.

But the Director of the Mint can advise you of our situation until next Winter. Additional help is required. Up to this time I have noted over fifty applicants for the examination, and I have no knowledge of the number that applied directly to your Commission.

I repeat that we desire to exercise our duty in the premises fully, but if these inquiries must be made touching each and every applicant's probity, Mr. Wygant joins me in requesting release from membership of this Examining Board.

Respectfully yours,

Secretary.

Gentlemen:

Please the honor to advise you that the examination for grades of "Assistant Metallurgist" and "Helper in the Assay Laboratory," were this day conducted by our board, sixteen candidates for each examination appearing.

I have forwarded by mail in close, sealed packages the examination papers and answer blanks.

Our inquiries as to the character of applicants have been completed, and the report setting forth the result of these investigations awaits the return of Assayer in Charge Hodges, from Santa Fe, on Saturday next, when his views will be noted and the report, etc., attached to the application blanks and forwarded, as per your letter of instructions.

Dear Sir:

I have the honor to advise you that I  
this day, mailed the application blanks (filled out)  
inclosed to the record examinations conducted by our  
"Board," together with replies as to character of  
applicants, addressed to former employers, etc.

The Officer in Charge of this institution, J. L. Hodges,  
was furnished these replies by me, and authorized me to  
say that he was acquainted with a number of the applicants,  
as to whose good character he was satisfied; also he knew  
some of the endorser, in whose statements he had full  
faith. The majority of the applicants, however, were strangers  
to him, as were their endorser, and without a personal investigation  
upon his part, he concluded that many of the testimonials  
were of a satisfactory character.

I have the honor to acknowledge the receipt of your letter of the 20th. instant (A-8147) enclosing copies of an announcement of an examination to be held by this Board, for mechanical trades and skilled positions for the Mint and Assay Service, on July 12, proximo. The receipt of a certain number of application blanks, Form 1115, is also acknowledged. I would say this Board has no Civil Service literature of any character, and if applications should require a return for correction, we would be pleased to have the proper forms for such purpose.

Is it desired that applications after being filed here shall be forwarded the Commission as received, for final approval, or sent in by July 1, and will cards of admission to the examination be issued from Washington or this office? If the latter, we will require a supply of such cards.

Sir:-

I have the honor to request information as to the character of monthly reports, if any, incident to disbursements of New Machinery, Denver Mint, monies, which I presume carry the usual disbursing commission of  $3/8$  of 1%.

I would say that of the \$10,000.00 advanced only about \$850.00 remains unexpended.

Respectfully yours,

In accordance with the advice given our Board where here, we now inquire as to the time limit of the Larson class examined by us last year. Under the yearly limit they would go off the roll the coming Sept, but as you expressed the opinion that possibly an extension of an additional year would be given them, we now write for information. So many of the class are applying daily that our ready response is requested.

Mr A. C. Dickinson,

Weigh Clerk.

Sir:

Pursuant to instructions of the Civil Service Commission, that this Board should arrange with the Assayer in Charge, for your non-competitive examination at the earliest possible date, I advised you one week ago today that the Board and Assayer in Charge had decided ten days to be a reasonable compliance with the Commission's desire, and requested you to apprise the Board what day, within said period, would be preferable to yourself for the conduct of the examination.

Your wishes in the matter not having been communicated to the Board, I am instructed to again ask that the Board be promptly advised, that arrangement of the office work may be made during the hours of examination.

Respectfully,

Secretary Mint Civil Service  
Board of Examiners.
